Company Profile

Vertex Designs is a graphic design agency based in New Delhi, focused on designing creative, functional and aesthetically pleasing designs that promote and enhance your business.

We adopt a solution based approach to designing, and at all times look to improve on and existing brief or procedure to ensure that the best possible creative outcome for the project is achieved. Our core strengths lie in designing brand identity, marketing collaterals, packaging design, signages and printing solutions.

Having developed a niche strength in branding and design, we also work on a number of publications form Oxford University Press and other leading publishing houses in India.

We are happy to offer you our services and all our creative resources.

Aimtrex Technologies

AIMTrex specializes in designing, development and manufacturing of all types of Indoor and Outdoor shooting ranges for Military, Police and Special Forces. Our design was aimed to avoid congested page content and give the website a complete military camouflage feel. Web site design was followed by creating sets of brochures and docket on the camouflage theme. Various types of content are smoothly combined with a consistent visual style.

Jobs Undertaken:

Website Design • Brochure Design and Printing • Calendar Design and Production • Corporate Stationary Design and Printing
